

WHY GOBYTRUCK?

GoByTruck reinvents the shipper and carrier relationship through a specialized process and custom technology designed specifically to address the areas the freight industry ignores. Our unparalleled transparency, superior service, and innovative process allow organizations to gain a deep visibility into their logistics operations while building new, lasting carrier relationships.

WHAT MAKES US DIFFERENT

Due to our complete transparency, GoByTruck becomes an extension of your team, allowing you to focus on your core business while we take care of your basic transportation needs.

- UNPARALLELED TRANSPARENCY**
Transparency means something different to us here at GBT. This means you can see every carrier, every price and yes, even our profit.
- GEO-TRACKING**
Using unique technology, internal/external facilities are notified & visually track; ontime, late, picked-up & delivered shipments.
- CARRIER VERIFICATION**
GBT knows if a carrier's insurance expires before they do. Every 24 hours we certify carrier insurance, authority and safety.
- REPORTING**
Custom KPIs automate & suggest actions, efficiently optimizing your supply chain & cutting accessorial, carrier & seasonal costs.
- SPOT FREIGHT SERVICES**
By allowing carriers rather than brokers to compete, GoByTruck creates a marketplace for best spot pricing to occur.
- CONTRACT FREIGHT SERVICES**
Through our unique method of carrier procurement, consistent capacity is secured while still ensuring best pricing on a weekly basis.

WHO WE ARE

GoByTruck was founded based on practical application. With over 25 years in manufacturing and private fleet ownership, GoByTruck's CEO Kevin Hiller knows the industry and the importance of having the right tools for the job. After seeing the desperate need for practical technology solutions, Dawn Strobel brought her 13 years in technology and transportation to the GoByTruck team. Cole Hamels is an active part of the GoByTruck team and is involved in everything from sales to operations. His passion to do good both on and off the field brought Cole to GBT where mission and purpose come before profit... and he occasionally plays baseball.
